CENTRAL INTELLIGENCE AGENCY

This material contains information affecting the National Defense of the United States within the meaning of the Espionage Laws, Title 18, U.S.C. Secs. 793 and 794, the transmission or revelation of which in any manner to an unauthorized person is prohibited by law.

OUNTRY	Hungary	REPORT			
SUBJECT	Reduction in Production of	DATE DISTR.	29 November 1955		
	War Material	NO. OF PAGES	1		
DATE OF INFO.		REQUIREMENT NO.	RD		
PLACE ACQUIRED		REFERENCES			
DATE ACQUIRED		This is UNEVALUATED Infor	mation		

- 1. Present indications are that the production of war material is being reduced in Hungary, and that orders for this were only recently received. 25%
- 2. The following facts lead to this conclusion:
 - a. All documentation connected with any kind of war material production is being collected together in the Ministry of Metallurgy and Machine 25X1 Industry, and is to be handed over to the Military Technical Institute.
 - b. Industries manufacturing war material, coming under the Ministry of Metallurgy and Machine Industry, are to reduce their personnel by 15%, and are to be reorganized. No further details.

25X1

- c. The visit of General Geza Revesz's delegation to Moscow, in connection with the production of war material, has now definitely been cancelled, although the reason for the cancellation is not known.
- d. The prototype of the 152 mm. gun is being completed, but it is not to be manufactured in series. In this connection, the Ministry is making anxious efforts to acquire orders for material which could suitably be manufactured on the machinery already set up for the 152 mm. gun.

25**X**1

25X1-

e. The entire Hungarian metallurgical industry will be fully employed with civil orders until the end of the second quarter of 1956.
